Velg video- og lydalternativer

The screenshot displays a video conferencing interface. On the left, a video feed shows a young man in a meeting room. The background of the video feed features a logo for 'Kontaktforbundet' and the text 'Kontaktforbundet' and 'Kontaktforbundet'. Below the video feed, there are controls for video (turned on) and 'Effekter og avatarer'. Below that, there are tabs for 'Videoeffekter' and 'Avatarer'. Under 'Videoeffekter', there are options for 'Bakgrunner' (backgrounds), including 'Ingen' (None) and 'Uskarp bakgrunn' (Blurred background), and several background image thumbnails. On the right side, there is a settings panel for audio. It includes 'Datamaskin-lyd' (checked), 'Egendefinert installasjon' (with a volume slider), 'Telefonlyd', 'Romlyd', and 'Ikke bruk lyd'. At the bottom right, there are two buttons: 'Avbryt' (Cancel) and 'Bli med nå' (Join now).

FERDIG!
